

DARIUSZ GIZA

JUNIOR JAVA DEVELOPER

ABOUT ME

I am an open person and I always liked to work in a team.

What makes me different is huge determination to succeed. I like challenges and I am a fast learner.

In hard and stressful situations, I am reacting quickly and properly. I can describe myself as a peaceful person who can easily adapt to a new environment. I decided to start programming because I want to develop myself - I take up the challenge and change my life.
